"WE MADE ALL SORTS OF FRIENDS OUR OWN AGE."

A nursery for all of the little ones is one of our many features that makes our facility different. By having a nursery for the smaller dogs, we prevent unnecessary situations between the little ones and the older bigger clumsy dogs. We know the kind of attention that your pups need and we work extra hard to attend to each of their individual personalities.

**YOUNG AND OLD....
NOT ALWAYS THE SAME**

We take extra special care of your aging pets as well. We understand their needs, that is why our facility is equipped with specially designed floors to create comfort for their aging bones. We make sure that the older animals receive that extra special tender loving care.

Expert & Show Grooming

With 15 years of experience, our expert stylists offer hand-scissoring and grooming of all breeds of dogs, as well as cats.

No matter what style of cut you want your pet to have, we will groom your cherished family member with the same gentle loving care that goes into everything we do at PetLover Central. We recommend that you come in and find out why our talented groomers have the reputation of being the best groomers in South Florida.

"THEY DID SUCH A GREAT JOB. THEY CUT IT EXACTLY THE WAY I LIKE IT."
