Klein Law Group's, "Katie," Spreads Good Cheer

Katie, our resident Bulldog, puts smiles on our clients' faces each and every day. Many of our clients come to us during a very difficult time in their lives so affection from this little, funny-faced girl is just what the doctor ordered and we mean that

literally. Our clients aren't the only ones who benefit from Katie's kindness.

A few times per week, Katie makes her way down the hallway to Dr. Mark Rosenberg's clinic, Adanced Medical Therapeutics, to help lift the patients' spirits and to aid in their healing process. Several of Dr. Rosenberg's patients receive chemotherapy and really need a "boost." Katie knows how to supply that. As you can see in the photo, Katie is a loving lap dog who provides comfort to people who really need a bright spot in their day. Often depressed before Katie's visits, patients seem to cheer up after spending time with her. Now, that's good medicine.

Abby,

I hope you know how very grateful I am to have had you helping me through all of this. I've not always been easy to deal with but you have always remained professional and have helped me see the

Happy holidays!
